# METHODS AND STANDARDS FOR DETERMINING PAYMENT RATES FOR SERVICES PROVIDED BY INTERMEDIATE CARE FACILITIES FOR PERSONS WITH MENTAL RETARDATION (ICFs/MR) THAT ARE NOT STATE-OWNED

### SECTION 1.000 INTRODUCTION.

Section 1.010 General purpose. The purpose of Minnesota's methods and standards for determining medical assistance payment rates for ICFs/MR that are not state-owned is to provide for rates in conformity with applicable state and federal laws, regulations and quality and safety standards. Minnesota has in place a public process that complies with the requirements of Section 1902(a)(13)(A) of the Social Security Act. In determining the rates, the Department of Human Services takes into account the provider's historical costs, the size of the facility, and other factors.

Facilities participating in the Minnesota Medical Assistance Program are paid by a prospective rate-setting methodology, based upon a contracting system. This methodology, established in Minnesota statutes, is described in this attachment.

Facilities contract with the Department in order to receive payment. Contracts include descriptions of payments that may be modified when significant changes occur in residents' needs, the establishment and use of a quality improvement plan, appropriate and necessary statistical information required by the Department, annual aggregate facility financial information, and additional requirements for facilities not meeting the standards set forth in each contract.

Section 1.020 Rate methodology. The total payment rate for ICFs/MR in existence as of October 1, 2000, is the sum of the operating payment rate and the property payment rate.

Section 1.030 **Definitions.** For the purposes of Sections 2.000 to 9.040 9.060, the following terms have the meanings given them in this section.

Capacity days. "Capacity days" means the total number of licensed beds in the facility multiplied by the number of days in the reporting year.

Capital assets. "Capital assets" means a facility's land, physical plant, land improvements, depreciable equipment, leasehold improvements, capitalized improvements and repairs, and all additions to or replacement of those assets.

Capital debt. "Capital debt" means a debt incurred by the facility for the purpose of purchasing a capital asset, to the extent that the proceeds of the debt were actually applied to purchase the capital asset including points, financing charges, and bond premiums or discounts. Capital debt includes debt incurred for the purpose of refinancing a capital debt.

Class A beds. "Class A beds" means beds licensed for ambulatory and mobile persons who are capable of taking appropriate action for self-preservation under emergency conditions as determined by state and federal licensing law.

Class B beds. "Class B beds" means beds for ambulatory, nonambulatory, mobile, or nonmobile persons who are not mentally or physically capable of taking appropriate action for self-preservation under emergency conditions as determined by state and federal licensing law.

Commissioner. "Commissioner" means the commissioner of the Minnesota Department of Human Services.

Day services. "Day services" means services or supports provided to a resident that enables the resident to be fully integrated into the community. Day services may include supported work, support during community activities, day training and habilitation, community volunteer activity, adult day care, recreational activities, and other individualized integrated supports.

Department. "Department" means the Minnesota Department of Human Services.

Depreciable equipment. "Depreciable equipment" means the standard moveable resident care equipment and support service equipment generally used in an ICF/MR. Depreciable equipment includes the equipment specified in the major moveable equipment table of the depreciation guidelines.

Depreciation guidelines. "Depreciation guidelines" means The Estimated Useful Lives of Depreciable Hospital Assets, issued by the American Hospital Association, 840 North Lake Shore Drive, Chicago, Illinois (Chicago: 1983). The depreciation guidelines are incorporated by reference and are available for reference at the Minnesota State Law Library, Minnesota Judicial Center, 25 Constitution Avenue, Saint Paul, Minnesota, 55155. Only the 1983 publication will be used and will not change.

Desk audit. "Desk audit" means the Department's review and analysis of required reports, supporting documentation, and work sheets submitted by the provider.

Direct cost. "Direct cost" means a cost that can be identified within a general cost category without the use of allocation methods.

Facility. "Facility" or "ICF/MR" means a program licensed to serve persons with metal retardation or related conditions under state laws, and a physical plant licensed as a supervised living facility under state laws, which together are certified by the Minnesota Department of Health as an intermediate care facility for the mentally retarded.

Fringe benefits. "Fringe benefits" means workers' compensation insurance (including self-insurance plans), group health insurance, disability insurance, dental insurance, group life insurance, and retirement benefits or plans.

Leasehold improvement. "Leasehold improvement" means an improvement to property leased by the provider for the use of the facility that reverts to the owner of the property upon termination of the lease.

Medical assistance program. "Medical assistance program" means the program that reimburses the cost of health care provided to eligible residents pursuant to state and federal law.

Modified property payment rate. "Modified property payment rate" means the actual property payment rate exclusive of the effect of gains or losses on disposal of capital assets or adjustments for excess depreciation claims.

Necessary service. "Necessary service" means a function pertinent to the facility's operation that if not performed by the assigned individual would have required the provider to employ or assign another individual to perform it.

Occupancy report. "Occupancy report" means the report submitted monthly by a facility indicating bed use data by client for the preceding month.

Payroll taxes. "Payroll taxes" means the employer's share of social security withholding taxes, and state and federal unemployment compensation taxes or costs.

Physical plant. "Physical plant" means the building or buildings in which a program licensed to provide services to persons with mental retardation or related conditions under state law is located, and all equipment affixed to the building and not easily subject to transfer as specified in the building and fixed equipment tables of the depreciation guidelines, and auxiliary buildings in the nature of sheds, garages, and storage buildings located on the same site if related to resident care, and the allocated portion of office space if the office is located in that facility. Physical plant does not include buildings or portions of buildings used by central, affiliate, or corporate offices if those offices are not located in that facility.

Private paying resident. "Private paying resident" means a facility resident whose care is not paid for by the medical assistance program, cost of care program, or the Community Social Services Block Grant for the date of service.

Program. "Program" means those functions and activities of the facility that contribute to the care, supervision, developmental growth, and skill acquisition of the residents under state and federal laws.

**Provider.** "Provider" means the corporation, governmental unit, partnership, person, or persons licensed to operate the facility, which controls the facility's operation, incurs the costs reported, and claims reimbursement under Sections 1.010 to 9.040 9.060 or the care provided in the facility.

Provider group. "Provider group" means a parent corporation, any subsidiary corporations, partnerships, management organizations, and groups of facilities operated under common ownership or control that incurred the costs shown on the income and expense report that are claimed for reimbursement under Sections 1.010 to 9.040 9.060.

Quality improvement plan. "Quality improvement plan" means the document submitted by a facility to the Department describing the facility's quality improvement process.

Rate adjustment. "Rate adjustment" means a rate change granted by the Department. The amount available for rate adjustments is set by legislative appropriation.

Rate year. For the initial year, "rate year" means the period for which the total payment rate is effective, from October 1, 2000 through December 31, 2001. Thereafter, "rate year" means a calendar year.

Related organization. "Related organization" means a person that furnishes goods or services to a facility and that is a close relative of a provider or a provider group, an affiliate of a provider or provider group, or an affiliate of a close relative of an affiliate of a provider or provider group. For the purposes of this definition, the following terms have the meanings given them.

- A. "Affiliate" means a person that directly, or indirectly though one or more intermediaries, controls, or is controlled by, or is under common control with another person.
- B. "Person" means an individual, a corporation, a partnership, an association, a trust, an unincorporated organization, or a government or political subdivision.
- C. "Close relative of an affiliate of a provider or provider group" means an individual whose relationship by blood, marriage, or adoption to an individual who is an affiliate of a provider or provider group is no more remote than first cousin.
- D. "Control" including the terms "controlling", "controlled by", and "under common control with" means the possession, direct or indirect, of the power to direct or cause the direction of the management, operations, or policies of a person, whether through the ownership of voting securities, by contract or otherwise.

Repair. "Repair" means the cost of labor and materials needed to restore an existing capital asset to sound condition after damage or malfunction or to maintain an existing capital asset in a usable condition.

Reporting year. "Reporting year" means the period from January 1 to December 31 immediately preceding the rate year, for which the provider submits its income and expense report.

Resident day. "Resident day" means a day on which services provided to residents are rendered and billable, or a day for which a bed is held and billed.

Statewide advisory committee. "Statewide advisory committee" means the committee charged with reviewing county and provider proposals and making recommendations to the Department regarding facility payment rate adjustments. The committee uses established criteria for ranking proposals in order to make recommendations.

Total payment rate. "Total payment rate" means the amount established by the commissioner to reimburse the provider for service provided to each resident. The total payment rate is calculated by adding the operating payment and the property payment rate.

Variable rate. A rate approved by the Department, upon the recommendation of the county of financial responsibility, when there is a documented increase in the needs of a resident. A documented increase is a demonstrated medical or behavioral need that significantly impacts the type or amount of services or equipment needed by a resident.

## SECTION 2.000 GENERAL REPORTING REQUIREMENTS.

Section 2.010 Required income and expense reports. By April 30 of each year, the provider must submit an annual income and expense report on the form prescribed by the Department in order to receive medical assistance payments. The reports must cover the reporting year ending the previous December 31.

Section 2.020 Required information. A complete income and expense report contains the following items:

- A. Salaries and related expenses, including salaries to program, administrative, and support staff, payroll taxes and fringe benefits, and training.
- B. General operating expenses, including supplies, repairs, purchased services and consultants, utilities, food, licenses and fees, real estate taxes, insurance, and working capital interest.
- C. Property-related expenses, including real estate taxes, depreciation, capital debt interest, rent and leases, and property insurance.
  - D. Facility income, including receipt of all income from accounts receivable related to facility operations.
  - E. Annual resident days.

#### Section 2.030 Occupancy reports.

A. A facility must maintain and submit monthly bed use data. The total payments made to a facility may be adjusted based on concurrent changes in the needs of recipients that are covered by a variable rate adjustment. Any adjustment for multiple resident changes does not result in a decrease to the facility base rate.

B. Bed use data will also indicate leave days and vacancies.

Section 2.040 Deadlines, extensions, and rejections.

- A. A facility that terminates participation in the Medical Assistance Program during a reporting year must submit the required annual income and expense report covering the period from January 1 of that reporting year to the date of termination. The income and expense report must be submitted within four months after termination.
- B. The Department may reject any annual income and expense report filed by a facility that is incomplete or inaccurate, or for which supplemental information is required. In these cases, the Department will inform the facility what additional information is required. The facility will be given a reasonable amount of time to supply the information.

Failure to file the required income and expense report and other required information constitutes a material breach of the contract, allowing the Department to pursue termination of the contract.

Section 2.050 Audits.

The Department will subject income and expense reports and supporting documentation to desk audits. If the audits reveal inadequacies in facility record keeping or accounting practices, the Department may require the facility to engage competent professional assistance to correct those inadequacies within 90 days of the written notification by the Department.

Section 2.060 False reports. If a provider knowingly supplies inaccurate or false information on an income and expense report, the Department will exercise its options under the breach of terms provisions in its contract with the facility.

Section 2.070 Adequate documentation. A facility must keep adequate documentation.

- A. In order to be considered adequate, documentation must:
  - (1) be maintained in orderly, well-organized files;
- (2) not include documentation of more than one facility in one set of files unless transactions may be traced by the Department to the facility's annual income and expense report;
- (3) include a paid invoice or copy of a paid invoice with date of purchase, vendor name and address, purchaser name and delivery address, listing of items or services purchased, cost of items purchased, account number to which the cost is posted, and a breakdown of any allocation of costs between accounts or facilities. If any of the information to be listed on the invoice is not available, the providers must document their good faith attempt to obtain the information;
- (4) include copies of all written agreements and debt instruments to which the facility is a party and any related mortgages, financing statements, and amortization schedules to explain the facility's costs and revenues;
- (5) if a cost or revenue item is not documented under subitem (3) or (4), the facility must document the amount, source, and purpose of the item in its books and ledgers following generally accepted accounting principles and in a manner providing an audit trail; and
- (6) be retained by the facility to support the five most recent annual income and expense reports submitted to the Department. The Department may extend the period of retention if the desk

audit was postponed because of inadequate record keeping or accounting practice, or if the records are necessary to resolve a pending appeal.

- B. Providers must document all consultant, professional, or purchased service contracts. They must maintain copies of all contracts and invoices relating to consultant, professional, or purchased services. These documents must include the name and address of the vendor or contractor, the name of the person who actually performed the services, the dates of service, a description of the services provided, the unit cost, and the total cost of the service.

### SECTION 3.000 QUALITY IMPROVEMENT PLAN.

- A. Except for the initial rate year, by the March following the end of each rate year, facilities must submit reports regarding the previous year's quality improvement plans to the Department. For the initial rate year, facility quality improvement plans must be submitted by December 31, 2000.
- B. Each quality improvement plan must identify a minimum of one performance measure on which to focus during the contract period.
  - C. Elements of a quality improvement plan:
    - (1) a facility-specific quality improvement team;
    - (2) area(s) of need (and why), including the strategies used to identify the causes;
    - (3) definition of the quality improvement goal or benchmark;
    - (4) identified data sources:
    - (5) plan of action and strategies to address the problem;
    - (6) summarized and interpreted data; and
- (7) evaluation of the results, including how the quality improvement plan is communicated to residents, staff, and residents' families, and how the process is monitored and changed as needed.

## SECTION 4.000 DETERMINATION OF TOTAL PAYMENT RATE.

Section 4.010 Total payment rate. The total payment rate is the sum of the operating payment rate and the property payment rate.

#### A. Operating payment rate.

- (1) The operating payment rate is the facility's total payment rate in effect on September 30, 2000, minus the property rate. It includes the efficiency incentive in effect as of September 30, 2000.
- (2) Within the limits of appropriations for this purpose, the operating payment rate is increased for each rate year by the annual percentage change in the Employment Cost Index for Private Industry Workers-Total Compensation in the second quarter of the calendar year preceding the start of the rate year. For the initial rate year, the percentage change is based on the percentage change in the Employment Cost Index for Private Industry Workers-Total Compensation for the 15-month period from October 1, 2000 through December 31, 2001, as forecast by Data Resources, Inc.
- (3) The operating payment rate is adjusted to reflect an occupancy rate equal to 100 percent of a facility's capacity days as of September 30, 2000.
- (4) For the initial rate year, the Department will make an adjustment to the operating payment rate for a facility that submits a plan, approved by the Department, in accordance with unit (b). Operating costs will be separated into compensation-related costs and all other costs. Compensation-related costs means allowable program operating cost category employee training expenses and allowable salaries, payroll taxes, and fringe benefits for all employees except the administrator and central office staff.
